CHECKLIST

Your conference recording access checklist

- [ ] Visit the conference website and locate the archive or media library section
- [ ] Search the organiser's official channel on video platforms using the event name and year
- [ ] Look for the speaker's personal uploads if the official recording is not available
- [ ] Check community forums for unofficial link collections when content is not centralised
- [ ] Verify access terms and expiry dates before purchasing a virtual ticket
- [ ] Preview the first minute of any recording to assess audio and visual quality
- [ ] Take timestamped notes during playback to mark sections worth revisiting
- [ ] Maintain a simple list of talks you have watched and would recommend
